

Dixie ABATE of Alabama

American Bikers Aimed Toward Education

Together we can make a difference

Dixie ABATE of Alabama, Inc. is a statewide organization dedicated to motorcyclist's rights. Dixie ABATE promotes motorcycle awareness among motorists, voluntary rider training, and fair and motorcycle-aware legislation.

We believe that it is imperative for all motorcycle riders across Alabama to be organized so that we can communicate our issues quickly and effectively, and take swift action when the time is right.

The Keys to Success

DIXIE ABATE OF ALABAMA, INC. is not a club or a gang, nor a Harley group, and we do not have back patches.

The forces which threaten motorcycling do not discriminate. Eventually, these forces will affect us all. If the right to ride is valued, one cannot afford to remain silent and uninvolved. By remaining silent, those in the political system mistakenly believe that motorcyclists are satisfied with often-uninformed judgments and decisions regarding motorcycling.
